ISSN 0105-2403
Vol. 26, No. 3

1.	Contents	65
2.	Notes	69
	Notes from the group of editors	69
	Outi Lohi celebrated her 70th birthday on January 10th 2003	
	<i>B. K. Hansen</i>	70
	Gunnar Jørgensen celebrated his 70th birthday on April 17th 2003	
	<i>S. H. Møller</i>	71
3.	Abstracts	73
	Effect of the serotonin agonist buspirone on behaviour and hypothalamic-pituitary-adrenal axis in confident and fearful mink	
	<i>J. Malmkvist, S. W. Hansen & B. M. Damgaard</i>	73
	Effect of temperament and behavioural reactions to the presence of a human during the pre-mating period on reproductive performance in farmed mink (<i>Mustela vison</i>)	
	<i>H. T. Korhonen, L. Jauhainen & T. Rekilä</i>	73
4.	Short Communications	75
	An attempt to determine causes of lowered values of breeding indices on a chinchilla farm	
	<i>B. Seremak & M. Sulik</i>	75
5.	Symposiums and Congresses	79
	Autumn meeting, 8-10 October 2003, Nordic Association of Agricultural Scientists,	

Subsection for Fur Animals	79
<u>Meeting at the Danish Institute of Agricultural Sciences, 25 September 2002</u>	80
Quality skins from healthy mink. Background, contents and course of research efforts <i>C. F. Børsting</i>	80
The effects of the winter diet on behaviour, welfare and performance of mink females <i>B. M. Damgaard & S. W. Hansen</i>	80
Effects of dietary composition and feeding strategy on health and performance of mink females <i>B. M. Damgaard, C. F. Børsting & R. Fink</i>	80
Can mink, as a strict carnivore, utilise carbohydrates? <i>R. Fink & C. F. Børsting,</i>	81
Direct response by selection on early kit growth <i>B. K. Hansen & P. Berg</i>	81
Correlated response in dam weight changes by selection on early kit growth <i>B. K. Hansen & P. Berg</i>	81
Behaviour in breeding mink females selected for early kit growth <i>J. Malmkvist & B. K. Hansen</i>	82
Possibilities of reducing methionine content in feed during the furring period <i>B. Riis & C. F. Børsting</i>	82
Objective colour measurement applied on brown mink – estimation of genetic variation <i>B. K. Hansen, P. V. Rasmussen & P. Berg</i>	82
The effect of pelting time on pelt quality in mink <i>S. H. Møller</i>	83
6. New Books	85
<u>Annual Report 2002, Danish Fur Breeders' Research Center</u>	85
Selection for and against stereotypy in mink <i>L. L. Jeppesen, B. K. Hansen, V. Pedersen & T. Simonsen</i>	85
Mink behaviour towards humans. Influence by direct and indirect genetic effects <i>P. Berg, B. K. Hansen, J. Malmkvist & S. W. Hansen</i>	86
Objective colour measurement applied on brown mink - Estimation of genetic variation. <i>B. K. Hansen, P. V. Rasmussen & P. Berg</i>	86
Reduced protein for scanblack mink females during winter- and lactation periods <i>T.N. Clausen & C. Hejlesen</i>	87
Carbohydrate sources for mink in the nursing period <i>T.N. Clausen, C. Hejlesen, H. Sørensen, C. Bjergegaard, K. Mortensen & C. Christiansen</i>	87
Meat and bone meal to mink during the growing period <i>T.N. Clausen, P. Sandbøl & C. Hejlesen</i>	87

Poultry offal combined with swine pulp and meat and bone meal during the growing- furring period <i>T.N. Clausen & C. Hejlesen</i>	87
The influence of the essential to non essential amino acids ratio to mink during the growing period – production results <i>T.N. Clausen & P. Sandbøl</i>	88
Digestibility of feed ingredients at mink kits and adults – a comparison <i>C. Hejlesen</i>	88
Digestibility trials on feed in vivo on mink <i>C. Hejlesen & H. N. Lærke</i>	88
An in vitro method for estimating protein digestibility in mink feed <i>H. N. Lærke, S. Boisen & C. Hejlesen</i>	89
Measurement of Particle Size on Humid and Dried Cereal Samples <i>C. Hejlesen</i>	89
Application of RT-PCR for diagnosis of distemper in mink and foxes <i>A. S. Hammer, T. H. Andersen & H. H. Dietz</i>	89
Investigation of Pulvex (permethrin, 1%) to new borne mink kits <i>T. N. Clausen</i>	90
Molecular typing and antimicrobial resistance testing of <i>Pseudomonas aeruginosa</i> isolated from clinical infections in mink <i>A. S. Hammer, K. Pedersen, H. H. Dietz & T. H. Andersen</i>	90
Molecular characterisation of a novel astrovirus associated with disease in mink <i>C. Mittelholzer, K. O. Hedlund, H. H. Dietz & L. Svensson</i>	91
<u>Animal Breeding and Genetics in the 21st Century – Status and Visions for Future Research</u> <u>DIAS Report no. 38</u> <i>Just Jensen (ed.)</i>	92
