1. Contents 65
2. Notes 69
   Notes from the group of editors
   Outi Lohi celebrated her 70th birthday on January 10th 2003
   B. K. Hansen 70
   Gunnar Jørgensen celebrated his 70th birthday on April 17th 2003
   S. H. Møller 71
3. Abstracts 73
   Effect of the serotonin agonist buspirone on behaviour and hypothalamic-pituitary-adrenal
   axis in confident and fearful mink
   J. Malmkvist, S. W. Hansen & B. M. Damgaard 73
   Effect of temperament and behavioural reactions to the presence of a human during the
   pre-mating period on reproductive performance in farmed mink (Mustela vison)
   H. T. Korhonen, L. Jauhainen & T. Rekilä 73
4. Short Communications 75
   An attempt to determine causes of lowered values of breeding indices on a chinchilla farm
   B. Seremak & M. Salik 75
5. Symposia and Congresses 79
   Autumn meeting, 8-10 October 2003, Nordic Association of Agricultural Scientists,
Subsection for Fur Animals

Meeting at the Danish Institute of Agricultural Sciences, 25 September 2002

Quality skins from healthy mink. Background, contents and course of research efforts
C. F. Børsting

The effects of the winter diet on behaviour, welfare and performance of mink females
B. M. Damgaard & S. W. Hansen

Effects of dietary composition and feeding strategy on health and performance of mink females
B. M. Damgaard, C. F. Børsting & R. Fink

Can mink, as a strict carnivore, utilise carbohydrates?
R. Fink & C. F. Børsting

Direct response by selection on early kit growth
B. K. Hansen & P. Berg

Correlated response in dam weight changes by selection on early kit growth
B. K. Hansen & P. Berg

Behaviour in breeding mink females selected for early kit growth
J. Malmkvist & B. K. Hansen

Possibilities of reducing methionine content in feed during the furring period
B. Riis & C. F. Børsting

Objective colour measurement applied on brown mink – estimation of genetic variation
B. K. Hansen, P. V. Rasmussen & P. Berg

The effect of pelting time on pelt quality in mink
S. H. Møller

6. New Books

Annual Report 2002, Danish Fur Breeders’ Research Center

Selection for and against stereotypy in mink
L. L. Jeppesen, B. K. Hansen, V. Pedersen & T. Simonsen

Mink behaviour towards humans. Influence by direct and indirect genetic effects
P. Berg, B. K. Hansen, J. Malmkvist & S. W. Hansen

Objective colour measurement applied on brown mink - Estimation of genetic variation.
B. K. Hansen, P. V. Rasmussen & P. Berg

Reduced protein for scanblack mink females during winter- and lactation periods
T. N. Clausen & C. Hejlesen

Carbohydrate sources for mink in the nursing period
T. N. Clausen, C. Hejlesen, H. Sørensen, C. Bjergegaard, K. Mortensen & C. Christiansen

Meat and bone meal to mink during the growing period
T. N. Clausen, P. Sandbøl & C. Hejlesen
Poultry offal combined with swine pulp and meat and bone meal during the growing-furring period
T.N. Clausen & C. Hejlesen

The influence of the essential to non essential amino acids ratio to mink during the growing period – production results
T.N. Clausen & P. Sandbøl

Digestibility of feed ingredients at mink kits and adults – a comparison
C. Hejlesen

Digestibility trials on feed in vivo on mink
C. Hejlesen & H. N. Lærke

An in vitro method for estimating protein digestibility in mink feed
H. N. Lærke, S. Boisen & C. Hejlesen

Measurement of Particle Size on Humid and Dried Cereal Samples
C. Hejlesen

Application of RT-PCR for diagnosis of distemper in mink and foxes
A. S. Hammer, T. H. Andersen & H. H. Dietz

Investigation of Pulvex (permethrin, 1%) to new borne mink kits
T. N. Clausen

Molecular typing and antimicrobial resistance testing of Pseudomonas aeruginosa isolated from clinical infections in mink

Molecular characterisation of a novel astrovirus associated with disease in mink
C. Mittelholzer, K. O. Hedlund, H. H. Dietz & L. Svensson

Animal Breeding and Genetics in the 21st Century – Status and Visions for Future Research
DIAS Report no. 38
Just Jensen (ed.)
