	<u>NJF-Seminar No. 354, 2003</u>	7
	Assessing the value of different resources to silver fox males using operant methodology: preliminary results. <i>A.L. Hovland, G. Mason, K.E. Bøe, H.T. Korhonen, M. Bakken</i>	8
	The welfare effects of group size and space allocation in juvenile blue foxes. <i>L. Ahola, J. Mononen, T. Pyykönen, M. Mohaibes</i>	8
	The effect of housing density on reproductive performance of farmed blue foxes. <i>T. Pyykönen, L. Ahola, M. Mohaibes, J. Sepponen, S. Hänninen, J. Mononen</i>	8
	Minks' motivation for access to swimming water and running wheel. <i>S.W. Hansen, M.B. Jensen</i>	9
	The effects of swimming pool or extra space on behaviour of mink. <i>M. Mohaibes, J. Mononen, T. Pyykönen</i>	10
	How can happiness be measured in farmed foxes? <i>R.O. Moe, H. Kingsley-Smith, S. Kittilsen, M. Bakken</i>	10
	Expert opinion on information value in welfare assessment reports for mink farms. <i>S.H. Møller</i>	11
	Salt content in Swedish mink diets. <i>Eva Aldén</i>	11

Diets containing high amounts of barley for growing blue foxes. <i>J. Valaja, I. Pölönen, N. Nenonen, T. Jalava</i>	11
Extruded peas as feed ingredient for mink in the growth period. <i>Ø. Ahlstrøm, A. Skrede</i>	12
Influence of dietary vitamin A level on growth performance and fur quality of mink and blue fox. <i>N. Nenonen, I. Pölönen, T. Rekilä, J. Valaja</i>	12
Amino acid imbalance in the growing furring period in mink (<i>Mustela vison</i>) – Influence on liver parameters. <i>P. Sandbøl, T.N. Clausen, C. Hejlesen, J.B. Andersen, B.M. Damgaard</i>	13
Growth and skin quality of blue foxes raised on different protein and amino acid levels. <i>T. Dahlman, J. Valaja</i>	13
Formic acid preserved poultry by-products as a feed ingredient for blue fox and mink in the reproduction and early growth periods. <i>Ø. Ahlstrøm, A. Skrede, H. Kingsley Smith</i>	13
Individual feeding of fur animals by use of a computerized feeding machine. <i>M. Sønderup</i>	14
Increasing effectiveness of field operations and regional development in fur farming and suggestions for developing the fur business in Finland. Fur farming expertise network project (TOSV), final report. <i>M. Kerminen-Hakkio, P. Rämö, A. Alakylmänen, J. Matintalo</i>	15
Physiology of weight regulation in the raccoon dog. <i>P. Nieminen, A.-M. Mustonen, M. Puukka, J. Asikainen, S. Saarela, S.-L. Karonen, J.V.K. Kukkonen, H. Hyvärinen</i>	16
Perinatal pup loss in the blue fox (<i>Alopex lagopus</i>) – review and historical data. <i>G.H. Sanson, W. Farstad</i>	16
Selection for growth on normal and reduced protein diets: Direct and correlated responses. <i>V. Hunnicke Nielsen</i>	16
Variation of fur felting in blue fox (<i>Alopex lagopus</i>). <i>L. Blomstedt, K. Smeds, O. Lohi</i>	17
Genetic parameters for fertility traits and animal size of blue fox (<i>Alopex lagopus</i>). <i>J. Peura, I. Strandén, K. Smeds</i>	17
Correlated responses in reproductive performance of blue foxes in a selection experiment for confident behaviour. <i>H. Kenttämies, K. Smeds</i>	17
Collaboration between mink farms improves response to selection. <i>B. Krogh Hansen, P. Berg</i>	18
Time of birth can be postponed by selection in mink (<i>Mustela vison</i>) – Provisionally results. <i>M. Fredberg, P. Berg, B. Krogh Hansen</i>	18
Correlated responses in production traits in blue foxes (<i>Alopex Lagopus</i>) selected for confident behaviour. <i>N.V. Nordrum, U. Tutein Brenøe, K.R. Johannessen, M. Bakken</i>	19
Iceblue - a new colour mutant of fox (<i>Vulpes vulpes</i>). <i>K.-R. Johannessen, O. Lohi</i>	19
Fibre as a satiety factor in mink feed. <i>C. Hejlesen, P. Sandbøl</i>	19
Fibre in mink feed in the winter period. <i>S.W. Hansen, T.N. Clausen, J. Malmkvist, B.M. Damgaard</i>	20
Amino acid profiles in the furring period of mink (<i>Mustela vison</i>). <i>P. Sandbøl, T. Clausen, C. Hejlesen</i>	20

Methionine and methyl donors for mink (<i>Mustela vison</i>) in the furring period. <i>P. Sandbøl, T.N. Clausen, C. Hejlesen</i>	21
Digestibility of different sources of starch. <i>C. Hejlesen, P. Sandbøl</i>	21
Influence of low protein level and supplementary methionine on growth performance and fur quality of blue fox. A field trial. <i>N. Nenonen, T. Dahlman, I. Pöölönen, J. Valaja, L. Blomstedt, T. Rekilä</i>	21
Physiology of weight regulation in the raccoon dog. <i>P. Nieminen, A.-M. Mustonen, M. Kuukka, J. Asikainen, S. Saarela, S.-L. Karonen, J.V.K. Kukkonen, H. Hyvärinen</i>	21
Seasonal reproductive endocrine profile of the raccoon dog (<i>Nyctereutes procyonoides</i>); Effects of melatonin and food deprivation. <i>J. Asikainen, A.-M. Mustonen, H. Hyvärinen, P. Nieminen</i>	22
Dietary phytosterol supplement and mink reproduction. <i>A. Ryökkynen, P. Nieminen, A.-M. Mustonen, T. Pyykönen, S. Hänninen, J. Asikainen, J. Mononen, J.V.K. Kukkonen</i>	22
The blue fox (<i>Alopex lagopus</i>) as a model of canid starvation. <i>A.-M. Mustonen, T. Pyykönen, J. Asikainen, S. Hänninen, J. Mononen, P. Nieminen</i>	22
Faecal steroid hormone profiles and ovarian activity in farmed blue fox (<i>Alopex lagopus</i>) females during late pregnancy, parturition and the onset of lactation. <i>G. Sanson, J.L. Brown, W. Farstad</i>	23
Growth and development of mink as a function of different plant or fish oils included in mink feed in the gestation and nursing period. <i>C. Bjerregaard, T.N. Clausen, T.M. Lassen, K. Mortensen, H. Sørensen, J.C. Sørensen, S. Sørensen</i>	23
Supercritical fluid techniques as preparative- and analytical tools in the "analytical grey area" between volatiles and hydrophilic compounds. <i>C. Bjerregaard, S. Buskov, H. Sørensen, J.C. Sørensen, S. Sørensen</i>	24
Starch for mink. Development of analytical methods for characterisation different types of starch. <i>K.E. Andersen, C. Bjerregaard, H. Sørensen, J.C. Sørensen, S. Sørensen</i>	25
<u>Meeting at the Danish Institute of Agricultural Sciences, 24 September 2003</u>	26
Fear in farm mink – causality and welfare implications. <i>J. Malmkvist, S.W. Hansen</i>	26
Minks' motivation for access to swimming water and running wheel. <i>S.W. Hansen, M.B. Jensen</i>	26
Expert opinion on information value in welfare assessment reports for mink farms. <i>S.H. Møller</i>	26
In vitro methods for determination of digestibility of feedstuffs and feed in mink – prospects and limitations. <i>H.N. Laerke, S. Boisen, C. Hejlesen</i>	27
Mink distemper. <i>H.H. Dietz, A.S. Hammer, Ths. Holmen Andersen</i>	27
Selection for growth on normal and reduced protein diets: Direct and correlated responses. <i>V. Hunnicke Nielsen</i>	27
Time of birth can be postponed by selection in mink (<i>Mustela vison</i>) - Provisionally results. <i>M. Fredberg, P. Berg, B. Krogh Hansen</i>	27
Collaboration between mink farms improves response to selection. <i>B. Krogh Hansen, P. Berg</i>	28

4.	New Books	29
	Protein and amino acids in the nutrition of the growing-furring blue fox, Academic dissertation. <i>Tuula Dahlman</i>	29
