2.	Notes	33
3.	Announcements	35
4.	Abstracts	37
	Mapping of 53 loci in American mink (<i>Mustela vison</i>). S.B. Kuznetsov, N.M. Mateeva, W.J. Murphy, S.J. O'Brien, O.L. Serov	37
	Is the western population of the European mink (<i>Mustela lutreola</i>) a distinct Management Unit for conservaton? J.R. Michaux, R. Libois, A. Davison, P. Chevret, R. Rosoux	37
	Variability of thirteen microsatellite markers in American mink (<i>Mustela vison</i>). I.R. Vincent, A. Farid, C.J. Otieno	37
	Effects of hCG on folliculogenesis and fecundity in mink (<i>Mustela vison</i> Schreb) D.V. Klotchkov, P.A. Eryuchenkov	37
	Evaluation of feed protein quantity by measuring plasma free amino acids in Atlantic salmon (<i>Salmo salar</i> L.) after dorsal aorta cannulation. J. Sunde, A. Kiessling, D. Higgs, J. Opstvedt, G. Venturini, K. Rungruangsak-Torrissen	38
	Detection and sequence analysis of Danish and Swedish strains of mink astrovirus. C. Mittelholzer, L. Englund, K.-O. Hedlund, H.-H. Dietz, L. Svensson	38
	Effects of temporal variation in the risk of predation by least weasel (<i>Mustela nivalis</i>) on feeding behaviour of field vole (<i>Microtus agrestis</i>). E. Koivisto, J. Pusenius	39

The effects of diisopropylmethylphosphonate on female mink: how medical intervention biased mortality data. <i>E.J. Calabrese</i>	39
Breeding suppression in free-ranging grey-sided voles under the influence of predator odour. <i>O. Fuelling, S. Halle</i>	39
Multiphasic growth curves in mink (<i>Mustela vison</i>) selected for feed efficiency. <i>K. Sørensen, M. Grossman, W.J. Koops</i>	40
Size allometry in mink (<i>Mustela vison</i>) selected for feed efficiency. <i>K. Sørensen, W.J. Koops, M. Grossman</i>	40
Effects of carbohydrate-free diets on the performance of lactating mink (<i>Mustela vison</i>) and the growth performance of suckling kits. <i>B.M. Damgaard, C.F. Børsting, K.L. Ingvarsen, R. Fink</i>	40
Effects of high dietary levels of fresh or oxidised fish oil on performance and blood parameters in female mink (<i>Mustela vison</i>) during the winter, reproduction, lactation and early growth periods. <i>B.M. Damgaard, C.F. Børsting, R.M. Engberg, S.K. Jensen</i>	41
Assessing animal welfare in a strictly synchronous production system: the mink case. <i>S.H. Møller, S.W. Hansen, J.T. Sørensen</i>	41
In-cage sandbox as a ground substitute for farmed blue foxes (<i>Alopex lagopus</i>): Effects on digging activity and welfare. <i>H.T. Korhonen, L. Jauhiainen, T. Rekilä</i>	42
4. New Books	43
Embryo technology in the farmed European polecat (<i>Mustela putorius</i>), Doctoral dissertation. <i>Heli Lindeberg</i>	43
Seasonality, photoperiod and nutritional status in the control of endocrinological weight-regulation, Academic dissertation. <i>Anne-Mari Mustonen</i>	45
